Experience

Visual Designer • Juspay

May 2025 – Present | Bangalore, IN

- Designed and delivered multiple custom icon sets for key products including the payment page (used by 200 million users daily), dashboard, HyperSwitch, and Xyne (a Juspay-acquired company) – as the sole designer in the product team.
- Created promotional videos for new products and features, overseeing the entire process from concept development, script, storyboarding and the visual key frame design to motion direction.
- Made cohesive illustration sets for more than 50 products, ensuring brand consistency, enhancing accessibility and brand recognition for more than 320k users daily.

Creative Designer • Flam

Aug 2024 – May 2025

- Conceptualized and executed mixed reality advertising campaigns for leading brands like Google, AxisBank, Campus Activewear, AJIO, Flipkart, Wargaming, and Aashi (Peroni), achieving over 450K+ audience engagements through scans.
- Developed company-wide design guidelines, streamlining workflow and ensuring consistent branding as a response to evolving design constraints and standards.
- Developed branded merchandise for 100+ employees, boosting culture and brand pride.
- Led the project to design the new company office interiors, complete with custom illustrations, representative of the company style.

Creative Lead • Pratilipi Comics

Sept 2022 – Mar 2023

- Produced 9+ comic strips per month, tailored for Indian audiences, ensuring timely and high quality releases.
- Reduced costs by 50% by optimizing the orchestration of the service.
- Coordinated and managed a team of 15+ freelance artists overseeing end-to-end comic development processes, including storyboarding, coloring, and post-production.
